

**LONG THROW 4°-8° FOLLOWSPOT**

The Performer Series of Followspots define a new standard of performance, ergonomics and operator comfort. Simple to operate using the full length side and rear guide handles, adjustable luminaire balance and Selecon's unique clutch cone tilt and pan system. Operator comfort is assured by the ergonomic control suite and exhaust system which removes the lamp heat away from the operator.

Light output is over double that of similar wattage lamps with excellent even beam quality, adjustable to peak distribution as required. This unmatched performance is the result of utilising the latest in short arc technology, Selecon's light collection expertise and large multi coated lenses.

TORU features an electronic flicker free power supply (110V–260V), six colour changer, full control suite and is supplied with a lamp and a winch-operated, tripod-based stand.

**FEATURES**

- Precision engineered pan/tilt cone system adjustable balance to suit operator's preference.
- Ergonomic control layout minimises operator stress – comfortable and simple to operate.
- Lenses operate individually to set the beam angle and focus.
- Cool beam technology removes heat away from the operator while reducing stress on internal components.
- Full suite of operator controls including: iris; dowser, CTO filter, diffusion frost, and two cutters.
- Integrated 6-colour changer.
- Electronic variable light output, 60–100% to suit your show or application.
- Peak / flat beam light distribution control.
- Compliant to CE standards.

**PHOTOMETRIC DATA**

Tests conducted using the Philips 1400W lamp:

Beam Diameter in m	4°	0.7	1.4	2.8	4.2	5.6	7.0	8.4	11.2
Beam Diameter in m	8°	1.4	2.8	5.6	8.4	11.2	14.0	16.8	22.4
